Ghandi said, "The greatness of a nation can be judged by the way its animals are treated." We are so grateful to all the donors, volunteers, foster parents, veterinarians and their staff, and adopters who make our nation great by helping us with our rescued animals! We saved thousands of animals since 2001. Thank you for your support and being there for them! We are especially grateful this year when we were all dealing with COVID 19, but we were all still able to help animals in need! The animals we saved and will save the coming year are blessed to have your love and support.

Happy and Healthy Holidays!

TWO WEEKS AFTER TREATMENT

NALA RESCUED AND ADOPTED WITH DEFORMED ANKLE, FOOT AND EAR

Nala was rescued after we received an **URGENT** email from a fellow rescuer that Nala had to get out of a shelter that has to euthanize for space. No other rescue group or individual came forth to save her. We made sure to help her, deformed paw, ankle, ear and all. A family called to adopt her because they did notice her leg. Petmom said: "I have a crooked leg". They wanted to save her all the more. In the picture, Nala is with her petparents and a very responsible 12 year old girl. Nala doesn't let her leg hold her back. She runs, walks, and plays as if there is no tomorrow.

ARE ALL THESE TOYS MINE?

NALA

Animal Sanctuary Society, Inc. is proud to be a safe haven to animals. We provide vet care, medicine, surgeries, food, shelter, & other necessities to animals until the day they are adopted. We will not euthanize an animal because no one is adopting him or her by a certain time. This is possible because of the generous public donations & contributions of people like you. We thank you and the animals thank you in their own special ways.

Heroes and Heroines!

Bradford is adopted by his heroes/heroines, an extremely special loving family!

These parents and their two children, in their twenties, all work in the rehab healthcare field, even working with covid 19 patients. Many year's ago they had adopted a very shy and scared lab/border collie mix. They worked with her and were able to get her out of her shell. She recently died at 14 and a half years old. They read about Piggy, now named Bradford, and wanted to rescue and help another shy and scared dog. Seeing them interact with Bradford was unbelievable! They truly are like the dog whisperers. They also have a secure seven foot fenced in yard and are very skilled in walking a scared shy dog. These family members are their patients' heroes, Bradford's heroes, and our heroes.

Captain, the sweet loving tripod missing one front leg, is now an EMOTIONAL SUPPORT DOG FOR A VETERAN!

Captain loves his petparents and will be a great support dog for his pet dad who is a veteran who fought for our country in Africa. Captain is a long way from his old life where he was confiscated with six dogs for neglect and put into an animal shelter that has to euthanize for space. To make matters even worse, Captain tested heartworm positive and was treated for it before he got adopted. Let's all feel grateful and celebrate Captain's new life. These happy moments help give us encouragement while we continue rescuing the most vulnerable - the ones on a euthanasia list at a full animal shelter, animals displaced because petparents died or had to give them up for other reasons..

An Angel Adopted By Another Angel!

Jan's new name is Charlie and she is here with her new pet mom who has volunteered for Animal Sanctuary Society with gift wrapping fundraisers along with her husband for years.

We had to have Jan's eye removed due to an old painful injury. This angel is loving and so appreciative for the help.

Sue's Petmom is gentle, sweet, and caring just like Sue

A few years ago, Petmom did an internship in a Mexican animal shelter for three months. It was hard; she helped many street dogs that entered the shelter in horrible shape. While there, she wanted to take a dog home that looked like Sue. However, because of red tape she was not allowed to bring her to the US.

Sue is bonding well to her Petmom. Petmom texted us that she was doing well, made herself comfortable and fell asleep her first night in her new bed.

Shy Willie Adopted By Nurturing Nurse!

She is our hero and Willie's too, especially since he is very shy. She was switched from the orthopedic dept. to caring for Covid 19 patients. Here they all are with their other very nice dog and the nurse's parents.

Aubie's Long Hard Journey to Finding Gentleness and Lots of Love

BEFORE SURGERY

TWO WEEKS AFTER TREATMENT

When rescued, there wasn't much hope for puppy Aubie to live. He had been attacked by a dog he was with. His head was swollen to three times its normal size. At first no one was sure if he still had his eyeballs. But he seemed to follow the veterinarian staff's hand. He was covered in maggots, flies and red biting ants. He had to have surgery to get an eye lid removed and of course many types of medicines and skilled veterinarian care.

MY FUREVER FAMILY

YOU WILL ENJOY HIS AFTER STORY and PICTURES NOW

We got a call from a women who had loved her 13 year old boxer named Bella very much. Bella had recently died. When her Beloved Bella was only one year and a half, she had to have her eye removed since she developed early age glaucoma. The prospective pet mom had seen Aubie's picture when he was already healed from his ordeal. She and her two young children were sensitive enough to pick out that Aubie had something happen to his eye and they wanted to adopt and give him a very loving home. When told about his long hard journey he had already in his short life, they knew how important it was for them to adopt him and shower him with love. The family has a summer home down the shore, and he will be with them enjoying the beach.

**Happy Times
Are Here Again
For Jax**

Happy Adopted and Smiling!

JAX

Jax was more than devastated when his family of six years gave him up. They adopted him when he was only seven weeks old. They said they were too busy to care for him since family members were moving in with them.

He is a perfect gentleman, well trained, and loving. He looked back so sad when they left him. For about two weeks, he suffered emotionally. He wouldn't get up. He just laid on the dog bed that they left with him. We were so worried. After two weeks, all of a sudden he tore his dog bed into pieces. The little hope he had left that they may come back for him seemed to be gone. When trying to put him in a fenced yard, he figured if they don't come for me, I will look for them. Then, he roamed the yard trying to see if he could escape. We tried to show him to a family. He had no interest. Finally after a few weeks, an epiphany occurred. We felt he was ready to accept a new family and not be an escape risk anymore. We introduced him to a dog experienced family and a nice connection occurred. Miracles do happen especially since the adopting parents were thinking of getting a smaller dog. He got adopted! We can all smile again!

**Briana, now Aly, Is Smiling and
Happy In Her New Home**

Adopted at five months from us, read Brianna's aka Aly's journey about coming back to us at nine years and her happy ending.

**BRIANA
NOW
ALY**

We adopted Brianna, now Aly, out over nine years ago when she was only five months old. About three years ago her Petmom died, and Briana, now Aly gave her Pet Dad lots of comfort and continued to sleep in bed with him. Pet Dad became older and had to live with a relative out of state, and couldn't take her. He called us and arranged for us to take her back.

It's been hard trying to adopt out a Senior dog. But then a woman called and wanted to adopt a Senior Dog. Her two adult children were living with her for now and they really wanted their Mom to adopt a dog. Petmom texted that Brianna, now Aly is such a pleasure. Couldn't have asked for a nicer dog. She changed her name to Aly after her deceased boyfriend

**Ready To Go Out And
Play In The Yard**

Penny needed our rescue group to step up fast because a petparent died and an older petparent had to move to a place that would not accept Penny. These animal experienced wonderful transport volunteers adopted Penny. They have adopted other rescue dogs and cats, and Penny is now part of their loving family.

PENNY

Penny is rescued quickly!

PET PARENTS GET DOUBLE THE LOVE FROM BONDED PAIRS

Holiday Miracle For Large Bama and Bear - They are adopted together!!

At first a very nice business owner contacted us and could only adopt Bear, the Shepherd. I told him we would love for them to go together. They were so bonded one wouldn't walk without the other or go out without the other. They slept and ate together. Then a family called and wanted a medium sized dog and maybe two. We asked them to meet two very large sweet dogs (83 and 78 lbs) and see if they would adopt them together. They came and adopted both! Miracles do happen!!

Chloe and Suppie are adopted together!

A strongly bonded pair of dogs!

Jill, the black and white dog and Pink Snow were adopted together. They were so bonded that one would not eat or go for a walk without the other.

STANLEY, WHITE ON LEFT, ADOPTED FROM US FOUR YEARS AGO WITH BRICE, ADOPTED THIS YEAR

Petmom (young girl on left) adopted Brice, the black lab mix, who is enjoying a pet from the girl's mom. Petmom adopted Stanley from us four years ago (the white and tan dog on the left). The dogs will have fun playing together in their fenced yard. We love it when former adopters come back to us to adopt again!

LIVING THE GOOD LIFE

Sweet Pea has been enjoying going to work with Petmom on the quiet days at the Sports Bar that Petmom manages. The owner of the business has two pitbulls that go there too. "Two non-alcohol drinks and two veggie hotdogs please". "Pool anyone?" Sweet Pea is waiting to learn how to play this new kind of ball game. "I worked late at the Sports Bar helping PetMom. Please keep the shades down. I am tired and need some sleep!" Thanks, Sweet Pea

Lady has been doing well with Animal Sanctuary Society. Our trainer adopted her and even though she got her own bed, she likes to sleep in bed with her Petmom.
