

# ANIMAL SANCTUARY SOCIETY, INC. TO THE RESCUE!

Year end 2016

**“People with Passion can make the world a better place,” said Steve Jobs, Founder of Apple. All our donors, volunteers, foster parents and adopters are making the world a better place by helping us find furever loving homes for thousands of rescued animals.**

**Thank You all!**

LEFT SIDE

RIGHT SIDE

**Davis was saved from a full shelter that has to euthanize for space. He had deep cuts and sores all around his body. On the left and right side of his body was the shape of where a harness must have been left on him even after he grew out of it. SO VERY SAD! Just think how it must have hurt this sweet boy.**

**Here is a recovered Davis, whose new name is Griffin, with his ecstatic new petparents. He is doing well and attending dog training classes!**

**Animal Sanctuary Society, Inc. is a proud safe haven to animals. We provide vet care, medicine, surgeries, food, shelter, & other necessities to animals until the day they are adopted. We will not euthanize an animal because no one is adopting him or her by a certain time. This is possible because of the generous public donations & contributions of people like you.**

# LIVING THE GOOD LIFE

Budro's new name is Oscar. Budro will be traveling on vacations in a RV with his pet parents. They got the RV so they wouldn't have to leave their pet home. What a lucky dog! We are so thankful for the additional donations provided by his adopters! They really help with vet bills!

## TEDDY ADORES HIS NEW FAMILY & THEY ADORE HIM

Katoria, who is now called Elle is a beautiful Black Lab who is now relaxing at home in bed. Her Petparents are presently training her at home, but will be starting classes soon. She is doing well and working on getting comfortable with new people.

So HAPPY when pulled out of the shelter that she couldn't stop smiling!

Relaxing at home watching a new deck being built.

Rocky has a great big smile since there are sheep next door behind a six foot fence. He has a 4 foot high fenced in yard to enjoy with a long leash set up a distance from the fence so he can't jump it.

Rocky with his smile next to Petsmart training ring where he went to school. His Petparent will continue his training in a Petsmart near her.

**WE ARE LIVING THE GOOD LIFE TOO!**

Parker 2 is such a snuggle love! Parker is the best! He is the sweetest little boy who is loved by all in our family. He joins in celebrating at all our parties. We're so lucky to have him with us!

Living on the waterfront & watching the seagulls on the bay. Thinking this must be what heaven is like!

His Pet parents say, "He is a dream!"

Mickey, who is now known as Cooper is a special boy and so sweet. He will bring many years of love and happiness to his new family. It is so wonderful to see how these dogs that never had a chance of a good life, end up with a wonderful furever family.

Jackson is super special, the best! He is so calm with children even when they aren't. From the moment his pet mom & her grandson saw his picture and read his bio from his foster parent, they couldn't wait to meet him and adopt him.

This sweet boy is such a gentle soul and loves anyone he meets. Happy life Jackson!!!!

## KATHRYN'S FREEDOM RIDE

We'd like you to meet Kathryn, whose loving adopters may train her to be a therapy service dog. On her freedom ride out of the shelter, she shook in her kennel, but would still lick your hand.

We are committed to saving her and many like her. Now she is in a loving home and smiling!

## MAVERICK IS DOING GREAT & WE LOVE HIM

## Keeping Fit by Jogging Together

This medical student and Ruffin aka Milo, jog together. They jog about 8 miles on each jog as long as it is not too hot!

## LUTHER ENJOYS LIFE!

This is a long way from the life Luther had when his eye became clouded. The vet said that his one eye is blurred with a white cloud probably because he was sick as a pup.

Happy when I'm with Mom!

Relaxing in the pool with a friend!

Enjoying a romp at the beach!

Happy to Share my bed!

## FELINES FEELING GOOD ABOUT THEIR LIVES!

Barb, a volunteer not seen here, gave Shadow his first pedicure showing his Pet parents how to trim his nails. He was so good having it done and will be use to getting it done as needed. We explained to the new family that it is important to pet his paws and lift them so he continues to get use to someone touching them.

Remember to read up on how to trim a cat's nails and learn about the "quick", the thin blood vein inside the nail that you don't ever want to clip into, because it hurts them and can bleed a lot and is serious if it doesn't stop bleeding. If this does happen, apply pressure & use an antiseptic powder.

Shadow, named after the little girl's teddy bear, is enjoying a good meal in his new home.

Shadow likes to play with his shadow!

Enjoying the comforts of his new home is Mac the cat, who is called Hobson now. LUCKY BOY!

## LUDO FINDS AND GIVES LOVE

Ludo is the love of my life and brings me much happiness. Ludo and Evie (my adopted basset hound type) have become the best of friends, they are inseparable, they both sleep in bed with me every night, they watch out the window together, and above all lay in a sunbeam together.

Ludo is so funny! He wants an ice cube in his water bowl at all times and he and Evie wait patiently at 4:00 PM for their dinner. In the morning we are the first to get up and he loves that alone time with me. While he eats his breakfast he keeps coming to me for a pat on his head.

I purchased a new recliner for myself and Ludo thinks it is his chair. He sleeps in it all day and when he sees me heading toward it he runs ahead and gets in it, then sits and looks at me. We now call it Ludo's chair and I sit on the sofa.

## CHILDREN & THEIR FAMILY PETS

One of our volunteers was asked whether we had a dog that would be ok with a toddler pulling the dogs ears and tail. The volunteer said we would never knowingly place a dog in a situation like that.

Here are some reminders to consider when a child interacts with a pet :

SEAGER AKA DEXTER

1. Never leave a child especially a toddler alone with a pet.
2. They may try to poke the pet in the eye or pull its tail or ears.
3. They might feed the pet something that is dangerous for it to eat. This may include; chocolate (toxic to dogs, cats, & ferrets), candy (any containing the toxic sweetener xylitol) , cookies, avocados, grapes, fruit with pits or seeds, garlic, coffee (grounds or beans) to name a few.
4. A child may startle a pet while it is sleeping or eating and the pet may react.
5. Be sure your child knows NOT to put his face up to or near the face of your pet.
6. Keep the child's toys away from the pet so that the pet does not think it is a pet toy. A child's toy may get stuck in the pet's throat or intestine requiring the pet to have emergency surgery or it could die.

WHISKEY

SPOT

7. At an early age, start teaching the child how to humanely treat pets.

## True Friends

Even when they're gone, they never leave our side.

The love in our hearts lasts forever.

They leave pawprints in our hearts.

## Memorials to our loved ones!

Angela's dog sadly died in June of lung cancer. Angela, one of our trustees and volunteers, and her family were devastated with his loss. Angela adopted him a few weeks after her Mom died and was very depressed.

Cyrus helped her during this very difficult time and helped her through the grieving process.

Jesse a few years ago

Jesse a year ago

It is with deepest sorrow that we inform you of the passing of Dorsey's precious Lab girl Jesse. Her life ended peacefully with Dorsey at her side at home. Jesse just couldn't go on any longer.

Dorsey has a request at this time, that all rescues please, please rescue a black Lab in Jesse's honor.

Jesse, the black Lab was the inspiration and strength behind Dorsey starting JESSE'S PLACE RESCUE, Inc. many years ago.

Dorsey volunteers her life from AM to PM, weekends and Holidays, doing thousands of emails trying to reach out to rescues; sending bios and pictures of animals that are on death row in overflowing shelters. Once Dorsey gets a commitment from a rescue, she coordinates from start to finish in getting that animal to safety with the new rescue. She arranges for someone to pick up the animal from the shelter, finds experienced fosters, arranges which veterinarians the committed rescues should use to get quality care for rescue prices, and is an excellent resource in helping solve any problems interfering in the animals rescue.

The love Dorsey and Jesse had for each other will continue to give Dorsey the strength to help thousands of more orphaned animals. Animal Sanctuary Society will vigorously continue to help her tremendous efforts in saving lives in Jesse's name.
