Lovey
aka Linguine-Another Holiday Miracle!

Before - It is hard to even imagine the hunger pains and severe discomfort poor Lovey endured from horrific neglect living on a chain before being rescued. She had had puppies which were nowhere to be found. There were all kinds of conflicting stories of what happened to them.
The veterinarian found her to be full of all types of intestinal worms and had mange throughout her skin on her frail underweight body.

After-Those dismal days are all behind her now. Her Petmom really cares about her. Lovey is loving, joyful, and playful. She gives kisses freely, her tail never stops wagging, and she believes that every lap is meant for cuddling no matter her size.

HOLIDAY MIRACLES CONTINUE AFTER THE HOLIDAYS FOR TWO 15 1/2 YEAR-OLD BONDED PAIR JACK RUSSELL TERRIERS, MAGGIE AND MICKEY!

Their Petmom died several years ago, and Petdad tried to give them double the love as much as possible. But he was very sickly throughout the coming years. Maggie & Mickey would sit next to him comforting him one on each side of him on the sofa, as if they knew. Their caring neighbor would go over all the time helping him with his two very loved dogs. Petdad was in & out of hospitals, & the dedicated neighbor made sure to go to the house 3 times a day to give them attention, food and water. It was extremely sad when the Petdad died. His 2 beloved Jack Russells were found snuggling next to his dead body. Of course, the neighbor stepped in & would go 3 times a day to take care of them.

Animal Sanctuary Society was contacted by this neighbor trying to find them a loving home together. Especially since petdad's home would soon be sold. Well, we put on our thinking caps and realized a very loving previous adopter would be perfect for them. She is a medical doctor who always in the past adopted older pets from us. All her older ones have died, & she was now an empty nester. She was interested in adopting them, & the rest is history. They are so loved & happy! Belated Happy New Year dear little loves. Here they are all comfy in their new home!

PAISLEY'S SENSITIVITY QUICKLY STARTED INTO ACTION WHERE NEEDED MOST

Petmom, petdad & son came to see Paisley, but Petdad kept coming in & out because it was hard for him since he was still upset about the death of their recent dog. The last 2 had serious spleen disease. Petmom & Petdad are home all day. Their son had a serious car accident many years ago. He was a passenger & the car was hit from the back. He had surgery but it didn't help. He still undergoes pain management for his back. He can work only a few hours a week from home. Paisley seemed to know & couldn't get close enough to the son. But she is so sensitive not to hurt someone's feelings that she made sure to share some affection with all family members yet went right back to the son. They have a nice home with a fenced yard & a built-in pool. They all together will bring Paisley for walks too. The son has a schoolteacher girlfriend that will be part of Paisley's extended family too.

STELLAR AKA ELLIOT STEPS RIGHT INTO HEALING MODE FOR A FAMILY IN MOURNING

Petmom had to take over the care of Her Mother's dog for several years before he died at a very old age. This was an emotional adoption day for all three. Petmom was so sad about Her Mom's dog dying which was such a real connection & loving memory of Her Mom. To make matters worse Her little dog has been in mourning missing his bestie.

When Elliot realized he was going to one of the best loving families, his tail didn't stop wagging. Petmom says Elliot follows Emmitt & her all around at home. One happy family now! Elliott is relieved, & feels safe, & content he finally has his loving home. His body language & his eyes tell he is thinking I am going home with a caring mom & brother. I loved meeting them & they have accepted me as an important part of their loving family. I know I have a lot to look forward too. Tucking his paw & leg against his head is another sign that he has no worries. There was a boat on top of the car & petmom told us of course her doggies go on with her. Her dogs are very much a part of her life, & Elliot realized it.

Binx was the love of our lives and our soul cat, and we will miss him forever

We adopted our sweet boy, Binx (formerly Perro), from you back in 2011. We just wanted to share with you that he peacefully crossed the rainbow bridge this week. For the past 15 years he has been the center of our world and we are heartbroken without him now. From the moment we brought him home, Binx filled our lives with joy. He was very strong willed and definitely gave us a run for our money at times, but he made every moment with him better just by being himself. He was bold, fearless, inquisitive, a lifelong lover of food, loyal to a fault and the biggest cuddle bug (but only with his parents). He lived a very full life, having travelled to the lake and the mountains on vacations with his family (he hated both), but decided he preferred to stay home and be spoiled by Grammy when his parents were out of town. We're so grateful to you for rescuing our sweet boy and caring for him before he joined our family. We know that the price of a love like ours is the grief that we're currently experiencing, and would gladly pay it again if we could have more good time with our boy. He lived life on his own terms though, always making his wishes known. In the end, he passed away laying by his favorite window with the breeze in his fur, the sound of birds chirping in his ears and a belly full of treats, his perfect day.

WE ARE COUNTING ON YOU BECAUSE YOU ARE MAKING THE DIFFERENCE PROTECTING ANIMALS AND PEOPLE IN DIRE SITUATIONS

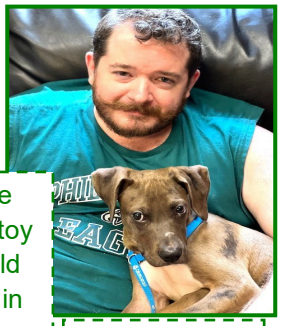

Harbin before, lacking confidence

NEAR DEATH, ONLY ONE BLINK HELPED TO KNOW HE WAS TRYING TO COMMUNICATE I AM STILL ALIVE

Harbin at home playing with his toy like a pup should with happiness in his eyes.

Harbin secure with petdad

The first time anyone saw Harbin, he was lying alone in the grass — skin stretched over bone, ribs showing, barely moving. He looked more like a memory than a puppy. The kind soul who found him truly believed he was already gone… until he blinked. That one blink — fragile, quiet, but defiant — was Harbin's way of saying, "I'm still here." And that was the moment everything changed. Harbin was rescued from the edge of death, completely emaciated and heartbreakingly silent. He had been left behind by a world that had never shown him kindness. But somehow, even in that tiny, broken body, there was a spark. A will to live. A hope for something better.

Fast forward to today, and Harbin is nothing short of a miracle. His once-hollow frame has filled out into a strong, healthy body. His dull coat now shines with warmth. But it's his eyes — those deep, expressive eyes — that show you who he truly is: a survivor. A gentle soul who still believes in love. A puppy who never gave up, even when the world gave up on him. Harbin is learning to trust. He's discovering toys, belly rubs, and the simple joy of being safe. He's quiet, tender, and deeply sweet — the kind of dog who leans into you when he's unsure, and whose soft gaze will forever stay with you. Now, he's ready for the next chapter. A home where he'll never be alone again. A heart that will cherish the second chance he fought so hard for. Harbin didn't just survive. He chose to.

Harbin has been adopted to a wonderful sensitive petdad who was touched by Harbin's sad beginning story and his picture with those sad eyes. He couldn't wait to meet him and adopt him. He is an Analyst who works from home. He owns a home with a nice, fenced yard. Petdad has neighbor friends that have dogs. So down the road he intends to set up play dates with them.

SHUGA'S PETPARENT SERIOUSLY ILL & GETS PEACE OF MIND THAT SHUGA IS SAFE & LOVED IN A NEW HOME

It was urgent we rescued playful, active Shuga, a Labradoodle (most are & need an active home), as fast as possible given the grave situation. **THESE TYPES OF SITUATIONS ARE ALWAYS ONE OF THE MANY TOP PRIORITIES FOR US-& YOUR SUPPORT MAKES THIS POSSIBLE!!**

SHADOW, the pup, had a huge swollen stomach filled with worms & covered with fleas. **BOTH CAN BE DEADLY! IT'S AWFUL THAT PUPPIES HAVE TO START THEIR LIVES SO HORRIBLY (LIKE HARBIN'S STORY AT THE TOP OF THE PAGE TOO).** NOW SHADOW GETS THE BEST VET CARE especially since Petmom is a vet tech at a specialty emergency hospital. Petmom's little dog who she loved very much recently died of old age. She brought him to work often. We received a video of Shadow now thrilled at petmom' work wagging his tail so much. Petmom has other sweet dogs at home where she lives with Her MOM & GRANDMA (all came for the meet & greet, including the doggies.

YOUR CONTRIBUTIONS MAKE A SIGNIFICANT DIFFERENCE IN SO MANY LIVES. THANK YOU FROM THE BOTTOM OF THEIR HEARTS AND PAWS! YOUR CONTINUED SUPPORT IS SO MUCH NEEDED TO KEEP THIS MOMENTUM GOING.

Pumba the white dog in the picture is now a Service Dog and is busy going to stores, restaurants etc. with Petmom. Since Petdad is seriously ill, the family is helped so much by these two terrific joyful VERY smart & playful doggies.

Sweet Moonpie with the Loving Family who Adopted A Black Lab From Us

Ian with his petmom and adult son

Her son came back with his own family the next day to adopt a pup too.

Socksie will be going camping just like and along with her new sister(previously adopted from us-not in picture).

This caring nurse petmom adopted from us not too long ago, and she and her husband love that one so much. Then Petmom came back to adopt Socksie. This family has so much love to share between the two dogs, and we are very happy for both of the dogs who were once homeless.

Owen finished his service dog training and is now going home. At his graduation, petmom/veteran says she loves him very much. We are very proud of him.

In Memory of These Dear Hearts & Paws

Several years ago, an animal rescuer, Carol from Alabama (saved so Many animals in her life time, passed of COVID this past year), asked us to help Bandit find a new home, since his loving Petparent had a stroke & was unable to care for him. Of course we said yes. We got Bandit vetted & we did find Bandit a wonderful home with a loving couple in NJ. His previous Petparent always kept in touch with us asking how his Dear Bandit was doing in his new home. Sadly, during the year end Holidays of 2025, Bandit had to be rushed by his petparents to an Emergency Hospital, because he started having serious trouble breathing & his tongue was turning blue. His petparents had him humanely euthanized at the hospital. He was 14 1/2 years old. They were devastated. After about a week, feeling heartbroken & empty, they reached out to us & did an updated application to adopt again. I called them right away very sad about Bandit & told them to come & see Tazzi. They couldn't wait to meet Tazzi, a 6 year old dog. They adopted him right away. Bandit's Petmom had had a stroke before she adopted Bandit & is home most of the time with Tazzi because of her stroke. Tazzi was available for adoption because one of His previous Petparents had two strokes in a week & was taking care of Petdad in a wheel chair. Rest in peace Bandit. Thank you Tazzi for helping to heal Bandit's Petparents, your new Petparents.

CICI was adopted in 2011 from us. Her petparent loved her so much & had 14 wonderful years with her, but now has a hole in her heart from such a deep loss.

We are blessed to be able to see how much she was loved until her passing. Thank you dearest Petmom for sharing so many pictures & her memoir. We loved viewing the painting of her & the purse you have with her picture on it. Much gratitude for mailing her unused food & for your donation in her name to help homeless animals. We love you for loving very special CICI all these many years. Your bond with her was exceptional!

In Memory of Murphy, who always shared love!

Murphy was a big hit with the children at the school bus. He loved his family so much and enjoyed his time snuggling on the sofa with them. Sadly, he passed in Feb. 2026 from an aggressive cancer at the age of 8 1/2. His family was left

Wrigley loved his family dearly!

This is one of the favorite pictures of his adopters. Check out his big smile & happy eyes. You can tell he was so loved. He was always on his toes to alert them if anyone was around even if it was Amazon or PO delivering staff. He was 9 years old & is very much missed.

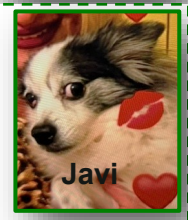

Suzie Was Loved!

We loved her so much from the minute she came off transport saved from a kill shelter with one of her back legs held up. We got her to a specialty vet right away for her knee. That sad expression in her eyes tells you she had been loved. She was placed in a kill shelter when her petparent got Alzheimer's. We are so happy we rescued her & thrilled that we found her a perfect extremely loving home. Water treadmill helped her knee. When we got word she passed on, we were devastated. The only saving grace for us was that we know how much she was loved. To Susie's Petparents Thank you for loving her so much and always sending us generous donations all these years. that have helped us save so many like Suzie all with sad stories, but happy endings. On behalf of Suzie looking down at you.

Marshmallow and Javie

It seems like only yesterday that a trustee fostered both Marshmallow & Javie. We hope that the two siblings are together now resting in peace. They both were adopted to fantastic loving homes. Years later they passed on close in dates. We want to remember both of them here. Thank you Marshmallow's Petmom for loving her so much & never forgetting to be a consistent donor which helps save more dogs that need us like Marshmallow & Javie did. Our dedicated volunteer Pam adopted Javie from us years. ago. The last few years Pam's boyfriend Stephan, a devoted animal lover & volunteer fixes so many things for us. Javie you are very missed, & we will never forget you.

Landis had a hard life! Landis was a little chihuahua that was adopted by one of our Trustees. He really never trusted many people, & you can see in his eyes he had a hard scary life. Our trustee loved him for years no matter what. She is broken hearted from his passing from cancer. She named his favorite room after him with a bone shaped sign.
